### **Q. WHAT ARE COLLEGES LOOKING FOR IN STUDENTS? WHAT CARRIES MORE WEIGHT: GRADES, SAT/ACT SCORES OR EXTRACURRICULAR ACTIVITIES?**

- A. Being that Colleges and Universities use various selection methods, the best answer to this question would come directly from the student's school of choice. We encourage students to speak with an admissions representative, from their school of choice, to inquire about admissions criteria. Research has shown that the best predictor of college success is not the ACT/SAT score, but the grade point average.
